

# EC 120 B FLOICE Traffic Advisory System

OPTION1: Glareshield

OPTION2: Instrument Panel

## Description

Swiss Helicopter Engineering has developed and certified in cooperation with Swiss Helicopter Maintenance ([www.shm-ag.ch](http://www.shm-ag.ch)) a FLOICE traffic advisory system. Based on FLARM technology, the system improves situational awareness of the pilot giving information about nearby aircrafts and obstacles (power lines, cables, ...).

SwissHelicopter  
Maintenance

## Modification details

- ✓ System based on FLARM technology
- ✓ FLOICE device installed on the instrument panel or on top of the glareshield
- ✓ FLOICE antenna installed with the device in the cockpit
- ✓ System for VFR flight and situation awareness only
- ✓ System includes audio warning annunciations of traffic and obstacles
- ✓ Obstacle threats based on database information
- ✓ Engineered from customer experience

## Approvals

Approval type	Reference number	Authority	Aircraft approved
Minor Change	2022018	EASA DOA - 21J.730	EC 120 B

Approval recognized by FAA, TCCA and ANAC via bilateral agreement. Approval can be validated to other civil aviation authority and extended to other aircraft on request.
